Operating profit:

The beginnings of family owned and managed trading company JAGROS, d.o.o. can be traced in 1989, when the first retail trade store was opened in Rogaška Slatina. Since then we have successfully expanded our business operations. In 2019 the company JAGROS d.o.o. consists of 41 retail trade units situated at different locations mainly in the Štajerska region, with a total sales area of about 100.000 square metres. The main motto of our working collective, which is now sized to more than 750 employees, is to fulfill the requests of our customers in best possible way for the best possible price.

Our company has been ranked among Slovenian gazelles for several years successively, while last year, we have marked an increase in the range of 7 %.

VISION

We want to be the best retail chain across the whole of Štajerska and Slovenia. We want to be identified by satisfied customers, friendly employees, excellent services of trade, low prices, quality products,.

MISSION

We believe that the mission must always be based on progress. Our mission is to meet the needs of customers, mostly carried out with excellent commercial services, high-quality merchandise and competitive prices. Our staff provides a safe and pleasant working environment with opportunities for professional and personal development. We want to remain a fast growing, very well organized company, based on the responsibility to employees and responsible attitude towards the natural and social environment in which we live and operate.
